Forecast For West Midlands
Issued by Met Office Exeter
at 1600 on Wednesday 18 Aug 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Rain and drizzle easing, becoming dry later.

This Evening and Tonight:
Some patchy light rain and drizzle this evening, mainly towards the north and west of the region. Mostly dry overnight with some clear spells. Light winds. Minimum temperature 10 deg C (50 deg F).

Thursday:
Initially dry with sunny outbreaks, before cloud and rain arrive from the west by the afternoon. Sunny spells returning between showers in the afternoon; showers locally heavy and possibly thundery. Maximum temperature 22 deg C (72 deg F).

Outlook for Friday to Sunday:
Remaining relatively dry and bright Friday. Turning unsettled over the weekend; bands of rain arriving on Friday night, persisting though Saturday. Showery conditions Sunday, heavy at times. Winds remaining light.
